## CARDIO-301 Regulatory Compliance Checklist

*Complete each row using the Protocol Excerpt and Sample Delegation Log. Do not leave Status blank.*

| Checkpoint Item | Regulatory Reference | Status | Notes | Date Verified |
|---|---|---|---|---|
| Current protocol and amendments on file | ICH E6(R2) 8.2.2, 8.3.2; 21 CFR 312.60; Protocol Sec. 6.1 | Complete | Protocol-Specific (Sec. 6.1). Protocol Version 2.0 dated 12/15/2025 is the IRB-approved version per IRB letter of 01/09/2026. No later amendments issued. Monitor query: IRB letter/ICF title reads 'Stage 2 Hypertension'; confirm against sponsor protocol title (CAD/MACE outcomes). | 11/10/2026 |
| Current IRB approval documentation on file | 21 CFR 56.103, 56.109; ICH E6(R2) 3.1.2, 8.2.7; Protocol Sec. 6.1 | Complete | Protocol-Specific (Sec. 6.1). Central Research Ethics Board initial approval, IRB No. CRB-2025-1184, full board, approved 01/09/2026, valid through 01/08/2027, Site 301-017. | 11/10/2026 |
| Current informed consent form matches IRB-approved version | 21 CFR 50.20, 50.25, 50.27; 21 CFR 56.109(b); ICH E6(R2) 4.8, 8.2.3; Protocol Sec. 5.2 | Complete | Protocol-Specific (Sec. 5.2). ICF on file is Site 301-017, Version 1.0 dated 01/05/2026 - matches the version listed in the IRB approval letter. Only this version may be used. | 11/10/2026 |
| FDA Form 1572 / investigator agreement current, if applicable | 21 CFR 312.53(c)(1); 21 CFR 312.60; ICH E6(R2) 8.2.2; Protocol Sec. 6.3 | Pending | Protocol-Specific (Sec. 6.3). Applicable (Phase III IND drug study). Signed Form FDA 1572 not yet verified in binder. PI name must be reconciled first: IRB letter/ICF list Alex Morgan, MD; delegation log lists Dr. Morgan Lee. | 11/10/2026 |
| Investigator and key staff qualifications documented | 21 CFR 312.53(c)(1)-(2); ICH E6(R2) 4.1.1, 8.2.10; Protocol Sec. 4.1 | Pending | Protocol-Specific (Sec. 4.1). Signed/dated CVs and current licenses to be collected and verified for PI, Lead CRC (J. Patel), Research Nurse (T. Kim), Regulatory Coordinator (A. Rivera). | 11/10/2026 |

| Checkpoint Item | Regulatory Reference | Status | Notes | Date Verified |
|---|---|---|---|---|
| Delegation of authority log complete and current | ICH E6(R2) 4.1.5, 8.3.24; 21 CFR 312.60; Protocol Sec. 6.2 | Pending | Protocol-Specific (Sec. 6.2). 4 staff listed with PI initials 'ML'. Open items: PI on log (Dr. Morgan Lee) does not match IRB-approved PI (Alex Morgan, MD); no staff signature/initials column; no one delegated investigational product accountability/dispensing. | 11/10/2026 |
| Required staff training documented | ICH E6(R2) 2.8, 4.1.1, 4.2.4; Protocol Sec. 4.1 | Pending | Protocol-Specific (Sec. 4.1). Protocol/study-specific training certificates not yet filed. Training dates must precede delegation start dates (01/15/2026-01/20/2026). | 11/10/2026 |
| Financial disclosure documentation complete, if applicable | 21 CFR Part 54; 21 CFR 312.53(c)(4); Forms FDA 3454/3455; ICH E6(R2) 8.2.4; Protocol Sec. 6.3 | Pending | Protocol-Specific (Sec. 6.3). Applicable (covered clinical study). Signed financial disclosure forms required for PI and every sub-investigator listed on Form FDA 1572; not yet verified. | 11/10/2026 |
| Essential regulatory documents filed and available for review | ICH E6(R2) Sec. 8 (8.2 Before Trial Commences); 21 CFR 312.62; Protocol Sec. 6.1 | Pending | Protocol-Specific (Sec. 6.1). Binder being assembled for SIV; cannot be marked Complete until all Pending rows on this checklist are closed. | 11/10/2026 |
| Site roles/responsibilities align with delegation log | ICH E6(R2) 4.1.5, 4.2.5, 4.2.6; 21 CFR 312.60; Protocol Sec. 2.1 and 6.2 | Pending | Protocol-Specific (Sec. 2.1, 6.2). Roles match assigned tasks for CRC, nurse and regulatory coordinator. Not aligned: PI identity (see delegation log row); no sub-investigator named to cover medical decisions in PI's absence. | 11/10/2026 |
| PI oversight of delegated duties documented (oversight plan / PI meeting or review records) | 21 CFR 312.60; ICH E6(R2) 4.2.5, 4.2.6; Protocol Sec. 2.1 | Pending | Protocol-Specific (Sec. 2.1). PI retains eligibility confirmation, safety oversight and medical decisions per log; written oversight plan to be filed before SIV. | 11/10/2026 |
| Delegation log records role, assigned tasks and effective dates for each staff member | ICH E6(R2) 4.1.5; Protocol Sec. 6.2 | Complete | Protocol-Specific (Sec. 6.2). All 4 entries show role, delegated tasks, start date and PI initials. End dates blank = currently active. | 11/10/2026 |

| Checkpoint Item | Regulatory Reference | Status | Notes | Date Verified |
|---|---|---|---|---|
| Process confirmed: consent obtained before any protocol-specific procedure | 21 CFR 50.20; 21 CFR 312.60; ICH E6(R2) 4.8.8; Protocol Sec. 5.2 | Pending | Protocol-Specific (Sec. 5.2). No participants consented yet. Consent process/source documentation note to be reviewed with monitor at SIV; consent discussion delegated to Lead CRC. | 11/10/2026 |
| IRB-approved recruitment and participant-facing materials on file | 21 CFR 56.109, 56.111; ICH E6(R2) 8.2.3, 8.2.7 | Complete | General Site Requirement. Recruitment Flyer v1.0 and Hypertension Education Handout v1.0 (both dated 01/03/2026) listed as approved in IRB letter of 01/09/2026. | 11/10/2026 |
| IRB continuing review approval on file | 21 CFR 56.109(f); ICH E6(R2) 3.1.4, 8.3.3 | Not Applicable | General Site Requirement. Study is in its initial approval period. Continuing review submission due before expiry on 01/08/2027 - add to regulatory calendar. | 11/10/2026 |
| Translated / short-form consent documents on file | 21 CFR 50.27(b)(2); ICH E6(R2) 4.8.6 | Not Applicable | General Site Requirement. Only the English ICF v1.0 is IRB-approved; no translated or short-form versions submitted. | 11/10/2026 |
| IRB membership roster or compliance/assurance statement on file | 21 CFR 56.107; ICH E6(R2) 8.2.8 | Pending | General Site Requirement. Request from Central Research Ethics Board. | 11/10/2026 |
| Current Investigator's Brochure on file with receipt documented | 21 CFR 312.55; ICH E6(R2) 7, 8.2.1 | Pending | General Site Requirement. Current edition to be confirmed with sponsor/monitor. | 11/10/2026 |
| GCP and human subjects protection training current for all listed staff | ICH E6(R2) 2.8, 4.1.1, 4.1.3 | Pending | General Site Requirement. Certificates to be filed for all 4 staff on delegation log. | 11/10/2026 |
| Laboratory certification (CLIA/CAP), lab director CV and normal ranges on file | 42 CFR Part 493; ICH E6(R2) 8.2.11, 8.2.12 | Pending | General Site Requirement. Needed for local specimen collection/processing delegated to Research Nurse. | 11/10/2026 |
| Investigational product receipt, storage and accountability records set up | 21 CFR 312.61, 312.62(a); ICH E6(R2) 4.6, 8.2.15 | Pending | General Site Requirement. No IP shipped before SIV. Accountability task must be added to delegation log. | 11/10/2026 |
| Safety reporting procedures (SAE / unanticipated problems) in place | 21 CFR 312.64(b); 21 CFR 56.108(b); ICH E6(R2) 4.11 | Pending | General Site Requirement. IRB letter requires reporting of unanticipated problems and noncompliance per IRB policy; sponsor SAE forms/contacts to be provided at SIV. | 11/10/2026 |

| Checkpoint Item | Regulatory Reference | Status | Notes | Date Verified |
|---|---|---|---|---|
| Signed clinical trial agreement and sponsor/institutional activation authorization on file | ICH E6(R2) 8.2.6; 21 CFR 312.53 | Pending | General Site Requirement. IRB letter states study may start only after sponsor and institutional activation requirements are met; sponsor activation follows SIV. | 11/10/2026 |

*Key: 'Protocol-Specific' = required by the CARDIO-301 protocol excerpt (section cited). 'General Site Requirement' = required by FDA regulation / ICH GCP for any trial. Status is based on the IRB approval letter, consent form, delegation log and protocol excerpt reviewed on the Date Verified; 'Pending' = document not yet verified in the binder or a discrepancy is open.*
